

HISTORIC MOTORSPORT LTD. MERCIAN ROAD RALLY
25th / 26th September 2010

Organised by Mercia Motor Sports
www.mercianrally.co.uk

As with all road rallies the successful running of the event is dependent on large numbers of marshals. Unlike many events at the moment, the Mercian does not exercise a "no marshal, no start" rule. However, you are urged to encourage members of your home club to come and assist - it may be your club needing help next time! As in previous years, there will be a cash prize marshal's draw.

To enable us to properly prepare for the event, please ask all potential marshals to complete the form below and return it to me. If you or they have any questions (or need extra copies of the form!), my contact details are as below. Many thanks.
